

Cboe Futures Exchange, LLC
Hong Kong Trading Privilege Holder
Supplemental Application Form

The business organization referenced below (“Organization”) certifies the following to Cboe Futures Exchange, LLC (“CFE”):

The Organization is authorized to become a Trading Privilege Holder of CFE and to engage in trading activities on CFE’s market.

The Organization is a corporation licensed by the Hong Kong Securities and Futures Commission (“SFC”) under Part V of the Hong Kong Securities and Futures Ordinance. The Organization will promptly notify CFE in writing if it ceases to be so licensed or if there are any other changes to its license that would restrict or prohibit the Organization from engaging in trading activities on CFE’s market.

The Organization is not currently, and will not in the future become, a clearing member of a Designated Clearing Organization (“DCO”) that clears transactions on CFE unless the DCO has been authorized by the SFC to provide automated trading services and to admit clearing members from Hong Kong.

The Organization consents to CFE providing the SFC with such information as the SFC may request relating to the Organization, including, without limitation, that the Organization has applied to become a Trading Privilege Holder of CFE, the name and location of the Organization and information relating to trades conducted by the Organization on CFE’s market.

Please attach a copy of the Organization’s license granted by the SFC.

The Organization acknowledges and agrees that it may not access CFE’s trading system directly and may only access CFE’s trading system through an independent software vendor (“ISV”) certified by CFE that is located in either the United States or the United Kingdom.
