

CFE Information Circular IC17-057

Date: December 15, 2017

To: Trading Privilege Holders and Independent Software Vendors

From: CFE Systems Development

RE: Updated CFE Migration Connectivity Responsibilities for TPHs Using an ISV

CFE has issued an updated notice that describes certain steps that CFE Trading Privilege Holders (“TPHs”) using an Independent Software Vendor (“ISV”) need to take in order to access the new CFE trading platform. These responsibilities should be completed well before the CFE migration cutover date as to prevent inability of trading on CFE on the migration date. TPHs and ISVs should refer to the [CFE Migration Connectivity Responsibilities for Trading Privilege Holders Using an Independent Software Vendor \(Updated\)](#) document for full details.
